Mr. Alexander Weilgart
2337 Harrison Street
Oakland, CA 94612

Dear Mr. Weilgart:

Thank you for showing me your clever idea for dictionaries. I think that most students could benefit from your system of searching for words. If, as you say, there would be very little added cost to printing this book, I would think a publisher might very well consider incorporating this into the publication.

Good luck with your project. I hope to see it in operation some day.

Sincerely,

Edward Kloster, Chair
Department of English
